### About the National Webinar

The National Education Policy 2020 is going to bring a major paradigm shift with a prima-face hope of revolutionizing education. It is essential to create comprehensive knowledge and awareness of the NEP-20 among all societal groups. The policy states that education is essential for realizing individual potential, creating an equitable society, and advancing national development. The best method to develop and utilize our nation's many talents and resources for the benefit of the individual, society, the nation, and the world is through universal high-quality education. India will have more young people in the world over the next ten years, and a concerted effort to offer every citizen access to high-quality educational opportunities will assure the development and prosperity of our nation.

### Objective of the Webinar

- To discuss the vision of NEP-2020
- To create awareness about structural reforms in education system
- To discuss and analyze curricular and pedagogical reforms suggested in the policy
- To discuss the role of learners, teachers and society in policy implementation
- To discuss the policy provisions pertaining to multidisciplinary education, teacher education, vocational education and technology in education
